60mm Stainless Steel Internal Base Plate Bollard

Product Code 08-SS60IBP

Specifications:

- Ø60 x 700(H)mm

Materials:

- 316 Grade Stainless Steel

Description:

Stainless Steel Internal Base Plate Bollards are engineered for applications where in-ground fixed bollards can't be used and a standard (exposed) base plate may cause a trip hazard or interfere with trolleys or cleaning etc especially in tight spaces or food areas. Manufactured from 316 marine grade stainless steel with a heavy duty 3.2mm wall thickness. The internal base plate has a 300mm high threaded rod with double connection to the bollard wall for additional strength and support.

Please Note: It is the customer's responsibility to ensure that the product is suitable for the application and that it is installed in a safe manner based on customers risk analysis.
