Architectural Concrete Ball Bollard

Product Code 09-BCB-8 (Bollard)

09-BC-FC (Gal Steel Pipe Ground Anchor)

Specifications:

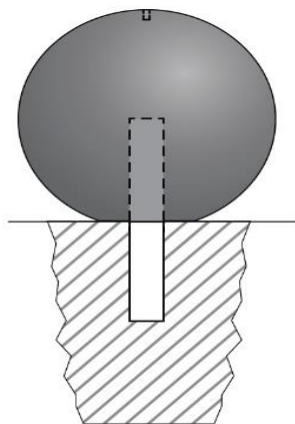

- Ø800 x 750(H)mm, Ø250 flat base, 640kg

Materials:

- Precast Concrete – off form

Description:

Area Safe Concrete Ball Bollards are a spherical shape with a flat base. Can be used in streetscape and landscape environments as a decorative feature, bollard, chain barrier support or casual seat. Available with cast-in M16 threaded inserts for lifting eye bolts or barrier chain rings. Concrete bollards can be securely positioned with the steel pipe ground insert for use as a fixed or removable bollard. The standard off-form concrete finish can be painted on site if desired. Concrete bollards are made to order - lead time applies. Customisation of size or shape is available – please enquire.
